"We Did A Lot of Stuff in March"

March 2024

The Bulls Battalion enjoyed one of its most interactive and satisfying service-learning projects yet. Over the course of several months in the second semester, our Cadets visited 4 local elementary schools (Harvey, Virgil Mills, Williams, and Freedom Elementary Schools). The Cadets' applied lessons learned in JROTC about planning projects and communication skills. The visits occurred during the school week as each company took a unique approach to reading to and with students. Each session was intended to make the sessions interactive with high levels of involvement from the kids. We were grateful to each school's leadership and staff for their hospitality. The visits were rewarding and enriching for all involved took a unique approach to reading to and with students. All sessions were very interactive with high levels of involvement and participation from the kids. We were grateful to each school's leadership and staff for their hospitality. The visits were rewarding and enriching for all involved.

Celebrating a Nation of Diverse Readers

With special thanks to Virgil Mills, Williams, Harvey, & Freedom Elementary Schools for supporting our program and allowing us to read with your future leaders!

Congratulations to Next Year's Top 3 Bulls Battalion Leaders

Elizabeth Zolkos
Executive Officer

Levi Hayworth
Battalion Commander

Jonathan Ni
CMD Sergeant Major

2024 Military Ball

Cadets, quite literally, had a ball to cap off what has been an incredibly successful month completing our Service-Learning Project. There is nothing quite like celebrating success with some fine dining with elegant young men and women dressed "to the nines" and dancing the night away. The entree was delicious, the dessert even better, and the dancing was highly entertaining to say the least. Over 600 Cadets attended the Ball, and a great time was had by all!

CADET CORNER

March Birthdays!

- Emily Craig
- Ka'mya Fields
- Jordali Martinez
- Gabriel Musselman
- Aidan OCallaghan
- Alexandra Torres
